Profile Summary

Motivated and detail-oriented Computer Science undergraduate with a strong foundation in software development, data structures, and scalable application design. Proficient in building full-stack web applications, backend systems, and automation pipelines using modern programming practices and clean coding standards. Experienced in applying DevOps methodologies and cloud technologies, including deploying, monitoring, and optimizing applications on AWS and Azure using Docker, Jenkins, and Terraform. Demonstrates strong problem-solving abilities, adaptability, and the capacity to contribute effectively in fast-paced, engineering-driven environments.

Experience

Cloud Engineer Intern Dec 2024 – Jan 2025

Airports Authority of India, Chennai

- Migrated workloads to cloud infrastructure ensuring high availability and security compliance.
- Configured, monitored, and optimized cloud resources to improve performance.

Web Developer Jun 2024 – Jul 2024

Chennai Metro Rail Limited (CMRL), Chennai

- Designed and deployed a live Travel Planner web application using HTML, CSS, JavaScript, and React.js.
- Integrated Azure services and enhanced UI/UX for mobile responsiveness.

Data Analyst & R&D Intern Dec 2023 – Feb 2024

Encore, Chennai

- Conducted data analysis to derive actionable insights for R&D initiatives.
- Built optimized data pipelines and visualization dashboards.

Projects

Chat Room Application — WebSocket, Authentication, React.js

- Built a real-time messaging platform with secure public/private chat rooms.
- Implemented low-latency communication using WebSockets.

Medical Chatbot — NLP, AI

- Developed an AI chatbot to predict health conditions from symptoms.
- Integrated NLP for intent recognition and appointment booking.

DevOps Automation Pipeline — Jenkins, Docker, Terraform

- Designed CI/CD pipelines for automated Docker builds and deployments.
- Used Jenkins and Terraform for full infrastructure automation.

Education

SRM Institute of Science and Technology, Chennai Aug 2022 – May 2026

B.Tech in Computer Science and Engineering

St. Mark's Matriculation Higher Secondary School, Chennai 2020 – 2022

Relevant Coursework

Operating Systems, Data Structures and Algorithms, Design and Analysis of Algorithms, Database Management Systems, Object-Oriented Programming and Design

Technical Skills

Programming & Web Technologies: Python, Java, JavaScript, React.js, HTML, CSS

Databases: MySQL, MongoDB

Cloud & DevOps: AWS, Azure, Docker, Jenkins, Terraform

Tools: Git, Streamlit, Figma

Achievements & Certifications

- Winner – SRM TechXplorer Hackathon
- Oracle Certified Cloud Foundations Associate
- Oracle Certified SQL Associate
- Intel Certification in AI and Resource Management
